I. GENERAL INFORMATION

COMMUNICATION

We encourage parents and guardians to empower their children to resolve, with their teachers, any issues that may arise throughout the year (e.g. late work, missed tests, incomplete homework, etc.). Parents and guardians must encourage them to make an appointment with the teacher (via email) to discuss the matter. This first step will make it possible to resolve the situation and reinforce the student's autonomy. If the situation is not resolved, parents and guardians must encourage their child to speak to his/her/their Assistant Director. The goal is always to promote open and constructive dialogue.

Parents/Guardians: All parents and guardians must check the [COBA Portal](#) regularly to view their child's progress.

This is the primary form of communication between teachers and parents. Additionally, it is your responsibility to read the notifications and emails that are sent in relation to academic and/or behaviour interventions with your child.

Teachers: You can communicate with teachers via the COBA Portal. Marks posted on the Portal are considered a form of communication with parents. Parents and guardians are also encouraged to contact teachers to discuss any concerns they may have. They can also contact the grade-level administration if their child is experiencing difficulties in more than one subject.

Administration: Generally, the Administration communicates with parents and guardians via the COBA Portal. In addition, weekly messages, as well as AD's Memos, are posted each Friday in the **Parents' Corner** on [CANVAS](#).

Administrative Assistant: Please contact the administrative assistant to the Assistant Directors if you need to have an item or urgent message delivered to your child.

Homework refers to all assigned work to be performed out of class (written assignments, projects and studying).

Homework:

- reinforces understanding of lessons and acquired skills
- develops a strong work ethic, organizational skills and a sense of responsibility

In Secondary 1, each assignment is entered in Studyo by the teacher. From Secondary 2 to Secondary 5, students are responsible for entering their homework. Parents and guardians must check the homework entered and contact teachers via the COBA Portal, if necessary. Parents or guardians should encourage students to develop good work habits. Teachers and the school administration may apply certain measures to ensure the revision or completion of homework.

AVAILABILITY

Teachers offer periods of availability to provide students extra help. A teacher's availability can be found on the Canvas Parent Corner page. Students can participate in these sessions on a voluntary basis or by invitation from the teacher or Assistant Director. The aim of these sessions is to ensure student success.

EXTRA-CREDIT COURSES / DISTINCTION PROGRAM

To be eligible to graduate with Distinction within the Extra-Credit Course Distinction Program, a student must:

- obtain a minimum of 70% in each extra-credit course, and

- maintain a minimum overall average of 80% each year of cycle 2 during which they take an extra-credit course.

Attendance in Extra-Credit courses is mandatory. The parent must inform the teacher of the reason of absence as soon as possible. Your child's registration will be cancelled and registration fees will not be reimbursed.

EXEMPTION FROM PHYSICAL EDUCATION

Long-term exemption: The Assistant Director will analyse the medical certificate in order to authorise the duration of the exemption.

A variety of athletic, cultural, artistic and social activities are available to students. The school is a member of the Quebec Association of Independent Schools (QAIS), the Greater Montreal Athletic Association (GMAA) and the Réseau du sport étudiant du Québec (RSEQ). In general, students participate in these activities outside regular class times. Should one of these activities interfere with class time, the student is responsible for making up the missed work. Scheduled evaluations take precedence over other activities.

ACTIVITIES – OUTSIDE REGULAR SCHOOL HOURS

Please note that the Villa Maria Rules and Regulations apply when a student participates in school activities outside of regular school hours not supervised by school personnel.

IV. CODE OF CONDUCT

The school administration reserves the right to adjust the sanctions according to the context, the seriousness of the infractions and the student's file.

Being part of Villa Maria means respecting yourself, others and the environment. While the school will educate and guide students along their journey, it is expected that all students act in a manner that respects the rights and freedom of others as well as adhere in the [Safe School Action Plan](#), School Rules and Regulations, [the Technology Use Policy](#), and [The Policy on Academic Integrity](#). Throughout the school year, the school reserves the right to withdraw certain privileges from students who do not abide by these rules of life. Consequences will be given according to the severity of the actions. In addition, respect for common areas is the responsibility of all students at the school. These areas must be kept clean and free from vandalism.

SYSTEM FOR REINFORCING EXPECTED BEHAVIOURS

In order to promote and maintain a respectful and academic environment, Villa Maria has created a system to reinforce expected behaviors. Positive behaviour is rewarded and any violation of school rules may result in one or more demerits being placed on the student's record.

Secondary 1 students are given a grace period until the end of the first 9-day cycle in September. Therefore, during this period, they will receive warnings and feedback regarding school rules, but demerit points will not be recorded.

MERITAS POINTS: BEHAVIOURAL RECOGNITION

A behavioural recognition system has been implemented to highlight students' good behaviour. A point system will allow classes to obtain privileges when a student's good behaviour is observed by members of the school community. Respect, perseverance and self-determination are the three highlighted values in our school and we will acknowledge all the students who honour these values.

Students can earn Meritas points for many different reasons, such as actively participating in class, having a positive attitude, demonstrating empathy, good behaviour, being a positive role model and/or leader etc. It should be noted that Meritas points are not only recognition of good behaviour, they can also cancel out demerit points students may accumulate.

DEMERIT POINTS

The school administration reserves the right to apply disciplinary sanctions (demerits, remedial action, suspensions and expulsions), based on professional judgment, for infractions not listed here. The school administration also reserves the right to modify the consequences listed here based on the severity and circumstances surrounding the offence, which may include conditional readmission or expulsion.

SCHOOL SAFETY: BEHAVIOUR THAT POSES A RISK

The following actions are strictly prohibited: deliberately setting off fire alarms, using fire extinguishers, using telephones designated for staff in classrooms and corridors and using any other equipment whose use could jeopardise the safety of pupils. Unnecessarily using an emergency exit is prohibited. Consequences will be given at the discretion of the Assistant Director depending on the severity of the action.

VANDALISM

Any student(s) guilty of defacing or damaging school property or other people's personal property will receive a sanction commensurate with the offence and will be required to pay for the damages incurred and/or engage in restorative justice. Consequences will be given at the discretion of the Assistant Director depending on the severity of the action.

STEALING

Any form of theft will be dealt with in accordance with the law and may lead to police involvement.

WEAPONS

Any student who brings a weapon to school or threatens to use a weapon will be subject to immediate suspension and possible expulsion. Weapons include, but are not limited to the following list: guns, knives, chains, sharp or pointed instruments.

V. VARIA

FOOD AND BEVERAGES

Only reusable water bottles may be used in class. Water fountains are available for refilling reusable water bottles.

STUDENT ID CARD

Every student must have their student ID card in their possession as it can be requested at any time. In the event of loss, a replacement ID card will be issued with a replacement fee.

LOST AND FOUND

The school is not responsible for lost or stolen objects. However, it provides students with a lock for their locker at the beginning of the school year. Students are expected to keep their lockers locked at all times to ensure the security of their personal effects in their assigned locker.

For physical education classes, students are responsible for obtaining their own lock. They must lock their locker in the gym locker rooms.

There are two "lost and found" drop-off points:

- Locker room (office of student supervisors)
- Multimedia (iPads only)

SALE OF ITEMS IN THE SCHOOL

The sale of items in the school (e.g. chocolate bars, raffle tickets) must be authorized by the school administration (Assistant Director).

LOCKER ROOM

The school monitor's office is located in the locker room. This is where lost items and where early or late dismissal slips are issued to students.
